

peterson dental

WELCOME BACK!

Great news! We are now able to support our patients with all of their dental needs. We have sincerely missed seeing all of you and are now looking forward to seeing you and your family soon!

In our absence we have continued to work tirelessly researching safe practices in order to revise and implement systems and secure supplies for our return and to ensure the safety of our team and most importantly your safety when providing dental care. With this in mind, we want to share with you what to expect at your next visit.

- Upon arriving to your appointment, please call/text us from your car at 509-747-2183 to let us know you have arrived. We will instruct you as soon as your treatment room becomes available. At that time, come on in to our office and you will be greeted immediately.
- Upon being greeted, we will be taking your temperature and performing/reviewing a wellness screening prior to your treatment.
- In order to limit the exposure of individuals, we request that you come to your appointment alone. If it is necessary for you to be accompanied by a caregiver, we ask that they drop you off in our care and wait in the car. Please don't hesitate to call us prior to your appointment if other arrangements need to be discussed.

We appreciate your patience and understanding with these new measures and look forward to being able to serve you safely and comfortably.

Warmest regards,

Dr Kurt Peterson
